

# MRGCD CONSERVATION PROGRAM

An overview of the upcoming outreach, technical and financial assistance programs available to MRGCD irrigators, partners, and other public members in May-July, 2022.

For more information on the Conservation Program, contact Gabriella Coughlin (gcoughlin@mrgcd.us), Casey Ish (james@mrgcd.us), or Yasmeen Najmi (yasmeen@mrgcd.us).

## Technical Assistance

- **Community Soil Health Lab and Dynamic Soil Survey Program:** Schedule a site visit with our new soil scientist/ agroecologist to test your soils or develop a soil and irrigation management plan for the next growing season. Contact Gabby Coughlin for more information.
- In partnership with the Village of Los Ranchos Agri-Nature Center, landowners in the Middle Rio Grande Valley have access to a **Soils and Compost Testing Lab**. Contact Gabby Coughlin for more information.
- **Irrigation assessments** - If you're not meeting the MRGCD's irrigation policy of 1 acre/hour and/or would like an assessment of your water delivery system, contact Casey Ish.

## Financial Assistance

- **Healthy Soils Program Assistance Grant (due May 19, 2022)**
- **Regional Conservation Partnership Program:** If you're in the South Valley in Bernalillo County, or in Valencia or Socorro Counties, you could be eligible for this 5-year program. The estimated program start is Fall 2022. The first step to applying is to have a USDA-Farm Service Agency Farm and Tract number established. Contact Gabby Coughlin for more information.

## Outreach and Education Events

The MRGCD will be hosting information meetings this summer to provide irrigation season updates and listening sessions. If you would like to request MRGCD at your outreach event, contact Yasmeen Najmi.

- **MRGCD Valencia County Information Meeting** - May 25, 2022, 3-6pm, Los Lunas Transportation Center, Los Lunas, NM.
- **Cover Cropping Workshop and San Isidro Blessing** - May 14th 8:30 - noon, Los Rancho AgriNature Center
