### **INTRODUCTION**

#### **A. SUMMARY AND BACKGROUND**

The Middle Rio Grande Conservancy (MRGCD) is a political subdivision of the State of New Mexico and is governed by New Mexico State Statutes NMSA 1978, Chapter 73. The NM Legislators created MRGCD by Conservancy Act of 1923. The MRGCD extends from Cochiti Dam to the north boundary of Bosque Del Apache National Wildlife Refuge and, we employ approximately 200 employees and operate five (5) offices with the General office located at 1931 Second Street, SW, Albuquerque, New Mexico.

The Middle Rio Grande Conservancy District (MRGCD) encompasses approximately 150 river miles from Cochiti Dam to the north boundary of Bosque Del Apache. It varies approximately 1 to 5 miles in width. The total area is 277,760 acres with 28,500 acres of Indian land and 128,787 acres of irrigable lands. Presently, there are approximately 60,000 irrigated acres.

The District serves the six Middle Rio Grande Pueblos including Cochiti, Santo Domingo, San Felipe, Santa Ana, Sandia and Isleta as well as 10,000 private landowners with the counties of Sandoval, Bernalillo, Valencia and Socorro. The major functions of the MRGCD are to divert, transport and deliver irrigation water efficiently to the water users, provide flood protection from the Rio Grande via properly maintained levees and provide subsurface drainage benefits to the valley by operating and maintaining the drains resulting in a lowering of the water table. In addition, the District is party to the 2016 Biological Opinion that requires actions to advance the recovery and protect the habitat of the Rio Grande silvery minnow, the southwestern willow flycatcher and the yellow billed cuckoo. The District also manages 30,000 acre of the Rio Grande Bosque and recreational and wildlife management activities within a multi-agency approach.

There are seven elected Board of Directors for a four year term which are as follows: 1-member, Sandoval County; 3-members, Bernalillo County; 1-member, Valencia County; 1-member, Socorro County; and 1-member, At-Large.

The MRGCD maintains contracts with Department of the Interior, Bureau of Reclamation, Bureau of Indian Affairs, Corps of Engineers, and US Fish and Wildlife Service. The MRGCD also works very closely with the State of NM, cities, counties and other agencies within the state.

## SECTION III

### SCOPE OF WORK/SPECIFICATIONS

#### BACKGROUND

MRGCD has engaged in consultation with the USFWS on endangered species within the Middle Rio Grande Valley for decades. The most recent consultation resulted in the Final 2016 Biological Opinion for Bureau of Reclamation, Bureau of Indian Affairs, and Non-Federal Water Management and Maintenance Activities on the Middle Rio Grande (2016 BiOp). In the 2016 BiOp, USFWS laid out take thresholds and recommended conservation measures for the Rio Grande silvery minnow, yellow-billed cuckoo, and southwestern willow flycatcher for each agency involved, and determined that actions taken by BiOp partners are not likely to adversely affect the New Mexico meadow jumping mouse, the Pecos sunflower, and the interior least tern. The goals for now pursuing an HCP, and related take permits, are to obtain ESA coverage for incidental take resulting from MRGCD actions and clear avenues for achieving and implementing mitigation measures to support endangered species within the Middle Rio Grande Valley. MRGCD is seeking proposals from environmental consultants with expertise developing environmental and cultural resource compliance documents within the Rio Grande valley and obtaining requisite permits from federal and state government regulatory agencies.

#### *Project Location*

The Project area encompasses the entire MRGCD service area in the Middle Rio Grande Valley of New Mexico from Cochiti Reservoir to Bosque Del Apache National Wildlife refuge, along with discrete water operations including storage and release of water out of Abiquiu and El Vado Reservoir in northern New Mexico.

#### *Project Description*

The purpose of the Project is to complete and submit an HCP and corresponding incidental take permits, and all supporting environmental and cultural compliance documentation, to provide coverage for MRGCD's operation and maintenance Actions. This will require biological and hydrological surveys, compliance with the NEPA process and ESA regulations, as well as GIS and mapping work. The MRGCD engages in five Actions within the District boundaries (Project Area):

- Land Management within the Rio Grande floodplain, including habitat restoration and revegetation, fire mitigation, prevention, invasive species removal, sediment removal and transport, and destabilizing vegetated bars and islands. Additionally, rights-of-way may be granted through the floodplain to private and governmental entities.
- Operate and maintain the four MRG Project diversion dams (Cochiti, Angostura, Isleta, San Acacia) to provide irrigation water to MRGCD irrigators, including the six Pueblos. Diversion dams will also be operated and maintained for New Mexico Rio Grande Compact deliveries, to target specific flows within the river or divert into facilities for efficient Compact delivery.
- Operate and maintain a network of canals, drains, wastewater, outfalls, and pumping stations to convey, and recover water for irrigation, compact conveyance, off-channel hydro power, and riparian and aquatic habitat restoration, maintenance, and support.
- Operate and maintain levees for river flood control purposes.
- Request storage and release of native and San Juan Chama Water at the El Vado and Abiquiu reservoirs to meet irrigation needs of valid water rights holders within the district, support

endangered species, manage river flows, and support New Mexico Rio Grande Compact deliveries.

The contractor will support the MRGCD in completing all necessary compliance activities and documentation required for an HCP and incidental take permits for Rio Grande silvery minnow, Southwestern willow flycatcher, and Yellow-billed cuckoo. The contractor may be asked to complete additional incidental take permits if required by the USFWS. The selected contractor will expeditiously develop and submit appropriate levels of documentation to comply with the National Environmental Policy Act (NEPA), Endangered Species Act (ESA), Bald and Golden Eagle Protection Act (BGEPA), sections 404 and 401 of the Clean Water Act (CWA) and section 106 of the National Historic Preservation Act (NHPA). In support of the NEPA process, the contractor will coordinate and support necessary community meetings.

Offerors should include with their proposal a budget that assumes they will supply all labor, materials, transportation, equipment, and expertise necessary to complete HCP, NEPA, BGEPA, CWA and NHPA compliance documents and related incidental take permits. Offerors should approach the cost estimate assuming the entire Project Area will require assessment and that all permits (NEPA, BGEPA, CWA, NHPA, ESA) will be required, with detail to enable assessing and documenting environmental and cultural resource impacts per NEPA, CWA and NHPA. Cost proposals should provide a level of detail sufficient for amendment (scaling back) if some permits are not required (e.g., CWA sections 404/401).

Specific responsibilities are presented in the list of contract tasks below.

**Tasks:**

- Task 1: Attend Contract Kick-off & Scheduled Meetings (Minimum 12 meetings)

This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars (\$250) over the two year period.

Furthermore, the state agency or local public body shall void an executed contract or cancel a solicitation or proposed award for a proposed contract if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

**“Campaign Contribution”** means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official’s behalf for the purpose of electing the official to either statewide or local office. “Campaign Contribution” includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

### ***SUSPENSION AND DEBARMENT REQUIREMENT***

#### **CERTIFICATION REGARDING DEBARMENT, SUSPENSION, PROPOSED DEBARMENT AND OTHER RESPONSIBILITY MATTERS**

All Offeror must provide as a part of their bids a certification to MRGCD in the form provided below. Failure of an Offeror to furnish a certification or provide such additional information as requested by the Procurement Manager for this RFP will render the Offeror non-responsible. Furthermore, the Offeror shall provide immediate written notice to the Procurement Manager for this RFP if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

*Although MRGCD may review the veracity of the certification through the use of the federal Excluded Parties Listing System or by other means, the certification provided by the Offeror in paragraph (a), below, is a material representation of fact upon which MRGCD will rely when making a contract award. *The certification provided by the Offeror in paragraph (a), below, will be considered in connection with a determination of the Offeror’s responsibility. A certification that any of the items in paragraph (a), below, exists may result in rejection of the Offeror’s bid for nonresponsibility and the withholding of an award under this RFP. If the Offeror’s certification indicates that that any of the items in paragraph (a), below, exists, the Offeror shall provide with its bid a full written explanation of the specific basis for, and circumstances connected to, the item; the Offeror’s failure to provide such explanation will result in rejection of the Offeror’s bid. If the Offeror’s certification indicates that that any of the items in paragraph (a), below, exists, MRGCD, in its sole discretion, may request, that the U.S. Department of Health and Human Services grant an exception under 45 C.F.R. §§ 76.120 and 76.305 if MRGCD believes that the procurement schedule so permits and an exception is applicable and warranted under the circumstances. In no event will MRGCD award a contract to an Offeror if the requested exception is not granted for the Offeror.*

- (E) Have  have not  been excluded from participation from Medicare, Medicaid or other federal health care programs pursuant to Title XI of the Social Security Act, 42 U.S.C. §1320a-7.

(ii) "Principal," for the purposes of this certification, shall have the meaning set forth in 45 C.F.R. §76.995 and shall include an officer, director; owner, partner, principal investigator, or other person having management or supervisory responsibilities related to a covered transaction. "Principal" also includes a consultant or other person, whether or not employed by the participant or paid with Federal funds, who: is in a position to handle Federal funds; is in a position to influence or control the use of those funds; or occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction.
